## **SEWER RATE INCREASE NOTIFICATION**

Lake County Public Works Department recently completed a system wide Rate Fee study. As a result of the study the Lake County Board approved sanitary sewer rate increases for customer's connected to the Northeast Central Region and the Northwest Region. These increases are passed onto the residents and businesses. This increase is effective with the usage starting on December 1, 2022, and will be reflected on your January utility bill. The increases are mandated by the County and the Village has no real voice in the matter.

Northeast Central Sewer Region customers are comprised of the subdivisions of Misty Hill Farms, Deer Point Trails, The Sanctuary and The Settlement. The sewer rate will increase from \$6.564 per 1,000 gallons to \$6.684 per 1,000 gallons. The total increase is \$0.12 per 1,000 gallons.

Northwest Sewer Region customers are comprised of the subdivisions of Union Square Townhomes, Cranberry Lake (both single family homes and all townhomes) and the Commercial corridor on Routes 120 & 134. The sewer rate will increase from \$3.86 per 1,000 gallons to \$3.91 per 1,000 gallons. The total increase is \$0.05 per 1,000 gallons.
