Congratulations to our Gingerbread House Contest Winners!

Thank you to all who participated. The winners for The Village of Hainesville's 1st annual Gingerbread House Contest are Eden Barrera, Isabelle Licurse and Lalya Peeden. Congrats to you all!

SNOW AND ICE

- No street parking is permitted during or after a 2-inch snowfall to allow crews to clear the road from curb to curb.
- Give snowplows room to work.
- Make sure your sidewalks are free of snow and ice. Also, let's look out for neighbors who might not be able to remove snow on their own by lending a helping hand.
- When removing snow from your driveway, be sure NOT to push it into the street.
- Please clean snow and ice away from Fire Hydrants in your area.
- Snowmobiling or ATV's are not allowed to be used anywhere within the village limits.
- If your sump pump line is discharging into the street or onto a sidewalk, please move it as this freezes and created dangerous ice situations.

WE NEED YOUR INPUT!

Do you drive on Route 120 and Hainesville Road during morning or evening rush hours? We know that traffic conditions on Route 120 and Hainesville Road have been a problem for years. Illinois Department of Transportation has been working with us to try to improve both morning and evening rush hours. Some changes have already been made to the lights at Route 120 and Alleghany, Route 120 and Hainesville Rd., and Routes 120 and 134. They are willing to make further adjustments based on your input. Has it made a difference? For better or worse? Any suggestions?

We need to hear from you.

DON'T LET YOUR PIPES FREEZE

With the colder weather setting in, it is important to remember that if you are leaving town for an extended period of time, please let your water drip to help prevent freezing water lines. Keep the house temperature around 60 degrees as this will help ensure that those colder areas where water pipes run through garages and crawl spaces do not experience a pipe burst.

Sewer Rate Increase Notification

Lake County Public Works Department recently completed a system wide Rate Fee study. As a result of the study the Lake County Board approved sanitary sewer rate increases for customer's connected to the Northeast Central Region and the Northwest Region. These increases are passed onto the residents and businesses. This increase is effective with the usage starting on December 1, 2022, and will be reflected on your January utility bill. The increases are mandated by the County and the Village has no real voice in the matter.

Northeast Central Sewer Region customers are comprised of the subdivisions of Misty Hill Farms, Deer Point Trails, The Sanctuary and The Settlement. The sewer rate will increase from \$6.564 per 1,000 gallons to \$6.684 per 1,000 gallons. The total increase is \$0.12 per 1,000 gallons.

Northwest Sewer Region customers are comprised of the subdivisions of Union Square Townhomes, Cranberry Lake (both single family homes and all townhomes) and the Commercial corridor on Routes 120 & 134. The sewer rate will increase from \$3.86 per 1,000 gallons to \$3.91 per 1,000 gallons. The total increase is \$0.05 per 1,000 gallons.
